Stock Values Fell between 2004 and 2007	542
Nonfinancial Assets Are the Foundation of Household Wealth	545
Many Households Are in Debt	549
Two Out of Three Workers Have Access to a Retirement Plan	553
Retirement Worries Are Growing	556
Glossary	559
Bibliography	565
Index	569

List of Tables

Chapter 1. Attitude Trends

1.1	General Happiness, 1998 and 2008	5
1.2	Happiness of Marriage, 1998 and 2008	6
1.3	Life Exciting or Dull, 1998 and 2008	7
1.4	Trust in Others, 1998 and 2008	8
1.5	How People Get Ahead, 1998 and 2008	10
1.6	Geographic Mobility since Age 16, 1998 and 2008	11
1.7	Business Ownership, 2008	12
1.8	Social Class Membership, 1998 and 2008	14
1.9	Family Income Relative to Others, 1998 and 2008	15
1.10	Satisfaction with Financial Situation, 1998 and 2008	16
1.11	How Has Pay Changed, 2008	17
1.12	Parents' Standard of Living, 1998 and 2008	19
1.13	Standard of Living Will Improve, 1998 and 2008	20
1.14	Children's Standard of Living, 1998 and 2008	21
1.15	Ideal Number of Children, 1998 and 2008	23
1.16	Spanking Children, 1998 and 2008	24
1.17	Better for Man to Work, Woman to Tend Home, 1998 and 2008	25
1.18	Working Mother's Relationship with Children, 1998 and 2008	26
1.19	Should Government Help the Sick, 1998 and 2008	27
1.20	Attitude toward Science, 2008	29
1.21	Attitude toward Evolution, 2008	30
1.22	Religious Preference, 1998 and 2008	31
1.23	Degree of Religiosity, 1998 and 2008	32
1.24	Belief in the Bible, 1998 and 2008	33
1.25	Bible in the Public Schools, 1998 and 2008	34
1.26	Premarital Sex, 1998 and 2008	36
1.27	Homosexual Relations, 1998 and 2008	37
1.28	Main Source of Information about Events in the News, 2008	39
1.29	Political Leanings, 1998 and 2008	40
1.30	Favor or Oppose Death Penalty for Murder, 1998 and 2008	42
1.31	Favor or Oppose Gun Permits, 1998 and 2008	43
1.32	Support for Legal Abortion by Reason, 1998 and 2008	44
1.33	Allow Patients with Incurable Disease to Die, 1998 and 2008	45

Chapter 2. Education Trends

2.1	Educational Attainment by Age, 2008	49
2.2	Educational Attainment of Men by Age, 2008	50
2.3	Educational Attainment of Women by Age, 2008	51
2.4	Educational Attainment of Men by Race and Hispanic Origin, 2008	53
2.5	Educational Attainment of Women by Race and Hispanic Origin, 2008	54
2.6	High School Graduates by Region, Sex, and Age, 2007	56
2.7	College Graduates by Region, Sex, and Age, 2007	57
2.8	Educational Attainment by State, 2007	58
2.9	School Enrollment by Age, 2007	60
2.10	School Enrollment by Grade and Year of College, 2007	61
2.11	Enrollment in Public Elementary and Secondary School by State, Race, and Hispanic Origin, 2006	62
2.12	Parental Involvement in School Activities, 2006–07	65

2.13	Parental Involvement in Child’s Homework, 2006–07	66
2.14	Parental Satisfaction with School, 2006–07	68
2.15	Projected Enrollment in Prekindergarten through 12th Grade, 2007 and 2017	70
2.16	Projected Enrollment in Prekindergarten through 12th Grade in Public Schools by State, 2007 and 2017	71
2.17	High School Dropouts by Sex, Race, and Hispanic Origin, 1990 to 2007	74
2.18	Projections of High School Graduates, 2007–08 to 2017–18	76
2.19	SAT Scores by Selected Characteristics, 2007–08	78
2.20	College Enrollment Rates by Sex, 1990 to 2007	80
2.21	College Enrollment Rates by Race and Hispanic Origin, 1990 to 2007	81
2.22	College Enrollment Rate by Sex and Type of Institution, 1990 to 2006	82
2.23	College Costs, 1977–78 and 2007–08	84
2.24	College Enrollment Rate by Family Income, 1990 to 2006	85
2.25	College Enrollment Rate by Parents’ Education, 1992 to 2006	86
2.26	College Enrollment by Type of College and Attendance Status, 2000 to 2007	88
2.27	Number of Undergraduates Enrolled Full-Time in Four-Year Colleges by Control of School, 2000 to 2007	89
2.28	College Students by Age and Sex, 2007	90
2.29	College Students by Age, Type of School, and Attendance Status, 2007	91
2.30	College Students by Race, Hispanic Origin, and Type of Institution, 2000 and 2007	93
2.31	Degrees Conferred by Race and Hispanic Origin, 2006–07	94
2.32	Average Years to Complete Associate’s Degree, 2004	96
2.33	Average Years to Start and Complete a Bachelor’s Degree, 2004	97
2.34	Associate’s Degrees Earned by Field of Study and Sex, 2006–07	99
2.35	Bachelor’s Degrees Earned by Field of Study and Sex, 2006–07	100
2.36	Master’s Degrees Earned by Field of Study and Sex, 2006–07	101
2.37	Doctoral Degrees Earned by Field of Study and Sex, 2006–07	102
2.38	First-Professional Degrees Earned by Field of Study and Sex, 2006–07	103
2.39	Participation in Adult Education, 2005	105

Chapter 3. Health Trends

3.1	Health Status, 2007	109
3.2	Average Measured Weight by Age and Sex, 2003–06	111
3.3	Overweight and Obesity by Selected Characteristics, 2007	112
3.4	Participation in Leisure-Time Physical Activity, 2007	114
3.5	Sports Participation of People Aged 7 or Older, 2007	115
3.6	Births by Age, Race, and Hispanic Origin, 2007	117
3.7	Characteristics of Births by Race and Hispanic Origin, 2007	118
3.8	Births to Unmarried Women by Age, 2007	118
3.9	Births by Age of Mother and Birth Order, 2007	119
3.10	Hypertension by Sex and Age, 1988–94 and 2003–06	121
3.11	High Cholesterol by Sex and Age, 1988–94 and 2003–06	122
3.12	Percent Distribution of People Aged 18 or Older by Cigarette Smoking Status, 2007	124
3.13	Percent Distribution of People Aged 18 or Older by Alcohol Drinking Status, 2007	125
3.14	Illicit Drug Use by People Aged 12 or Older, 2007	126
3.15	Health Insurance Coverage by Age, 2007	128
3.16	People without Health Insurance by Age, 2000 to 2007	129
3.17	People without Health Insurance by Race and Hispanic Origin, 2002 to 2007	130
3.18	Reason for Lack of Health Insurance Coverage by Selected Characteristics, 2007	131
3.19	Health Conditions among Children by Selected Characteristics, 2007	133
3.20	Distribution of Health Conditions by Selected Characteristics of Children, 2007	134
3.21	Percent of Children with Health Conditions by Selected Characteristics, 2007	135
3.22	Number of Adults with Health Conditions by Age, 2007	137

3.23	Distribution of Health Conditions among Adults by Age, 2007	138
3.24	Percent of Adults with Health Conditions by Age, 2007	139
3.25	Difficulties in Physical Functioning among Adults by Age, 2007	141
3.26	Health Care Visits by Sex, Age, and Race, 2006	143
3.27	Number of Visits to a Doctor or Other Health Care Professional by Selected Characteristics, 2007	145
3.28	Use of Alternative and Complementary Medicine by Type, 2007	147
3.29	Characteristics of Adults Who Use Complementary and Alternative Medicine, 2007	148
3.30	Characteristics of Children Who Use Complementary and Alternative Medicine, 2007	150
3.31	Number of Overnight Hospital Stays by Selected Characteristics, 2007	152
3.32	Cumulative Number of AIDS Cases by Sex and Age, through 2006	154
3.33	Cumulative Number of AIDS Cases by Race and Hispanic Origin, through 2006	154
3.34	Leading Causes of Death, 2006	156
3.35	Life Expectancy by Age, 1950 to 2006	158
3.36	Life Expectancy by Age and Sex, 2006	158

Chapter 4. Housing Trends

4.1	Homeownership Rates by Age, Household Type, Race, and Hispanic Origin, 2000 and 2008	161
4.2	Age of Householder by Homeownership Status, 2008	162
4.3	Type of Household by Homeownership Status, 2008	163
4.4	Race and Hispanic Origin of Householders by Homeownership Status, 2007	164
4.5	Household Income by Homeownership Status, 2007	166
4.6	Educational Attainment of Householder by Homeownership Status, 2007	167
4.7	Nativity of Householder by Homeownership Status, 2007	168
4.8	Region of Residence by Homeownership Status, 2008	170
4.9	Metropolitan Residence by Homeownership Status, 2007	171
4.10	Homeownership Rate by State, 2000 and 2008	172
4.11	Homeownership Rate by Metropolitan Area, 2008	174
4.12	Units in Structure by Homeownership Status, 2007	177
4.13	Size of Housing Unit by Homeownership Status, 2007	178
4.14	Year Unit Built by Homeownership Status, 2007	179
4.15	Fuels Used by Homeownership Status, 2007	180
4.16	Main Heating Fuel Used by Homeownership Status, 2007	181
4.17	Kitchen, Laundry, and Safety Equipment by Homeownership Status, 2007	183
4.18	Amenities of Home by Homeownership Status, 2007	184
4.19	Air Conditioning by Homeownership Status, 2007	185
4.20	Opinion of Housing Unit by Homeownership Status, 2007	187
4.21	Opinion of Neighborhood by Homeownership Status, 2007	188
4.22	Characteristics of Neighborhood by Homeownership Status, 2007	190
4.23	Neighborhood Problems by Homeownership Status, 2007	191
4.24	Public Services in Neighborhood by Homeownership Status, 2007	191
4.25	Characteristics of Community by Homeownership Status, 2007	193
4.26	Monthly Housing Costs by Homeownership Status, 2007	195
4.27	Monthly Utility and Property Insurance Costs by Homeownership Status, 2007	196
4.28	Homeowners by Housing Value and Purchase Price, 2007	198
4.29	Homeowners by Mortgage Characteristics, 2007	200

Chapter 5. Income Trends

5.1	Distribution of Households by Income, 1990 to 2007	203
5.2	Distribution of Aggregate Household Income, 1990 to 2007	205
5.3	Distribution of Households by Income Quintile, 2007	207
5.4	Characteristics of Households within Income Quintiles, 2007	208
5.5	Median Household Income by Age of Householder, 1990 to 2007	210

5.6	Median Household Income by Type of Household, 1990 to 2007	212
5.7	Median Household Income by Race and Hispanic Origin of Household, 1990 to 2007	214
5.8	Median Household Income by Household Type and Age of Householder, 2007	216
5.9	Median Household Income by Household Type and Race and Hispanic Origin of Householder, 2007	218
5.10	Household Income by Age of Householder, 2007: Total Households	220
5.11	Household Income by Age of Householder, 2007: Asian Households	222
5.12	Household Income by Age of Householder, 2007: Black Households	222
5.13	Household Income by Age of Householder, 2007: Hispanic Households	223
5.14	Household Income by Age of Householder, 2007: Non-Hispanic White Households	223
5.15	Household Income by Household Type, 2007: Total Households	225
5.16	Household Income by Household Type, 2007: Householders under Age 25	227
5.17	Household Income by Household Type, 2007: Householders Aged 25 to 34	228
5.18	Household Income by Household Type, 2007: Householders Aged 35 to 44	229
5.19	Household Income by Household Type, 2007: Householders Aged 45 to 54	230
5.20	Household Income by Household Type, 2007: Householders Aged 55 to 64	231
5.21	Household Income by Household Type, 2007: Householders Aged 65 or Older	232
5.22	Income of Married Couples by Presence of Children, 2007	234
5.23	Income of Dual-Earner Married Couples by Presence of Children, 2007	235
5.24	Income of Female- and Male-Headed Families by Presence of Children, 2007	237
5.25	Household Income of Men Who Live Alone, 2007	239
5.26	Household Income of Women Who Live Alone, 2007	239
5.27	Household Income by Education of Householder, 2007	241
5.28	Median Income of Men by Age, 1990 to 2007	243
5.29	Median Income of Women by Age, 1990 to 2007	244
5.30	Median Income of Men by Race and Hispanic Origin, 1990 to 2007	246
5.31	Median Income of Women by Race and Hispanic Origin, 1990 to 2007	247
5.32	Income of Men by Age, 2007	249
5.33	Income of Women by Age, 2007	250
5.34	Median Income of Full-Time Workers by Sex, 1990 to 2007	252
5.35	Median Income of Full-Time Workers by Selected Characteristics and Sex, 2007	254
5.36	Earnings of Men Who Work Full-Time by Education, 2007	256
5.37	Earnings of Women Who Work Full-Time by Education, 2007	257
5.38	Median Weekly Earnings of Full-Time Workers by Occupation and Sex, 2007	259
5.39	Median Household Income by Metropolitan Status and Region of Residence, 2007	264
5.40	Median Household Income by State, 2005–07	265
5.41	Sources of Income, 2007	267
5.42	People in Poverty, 1990 to 2007	269
5.43	People in Poverty by Age, Race, and Hispanic Origin, 2007	270
5.44	Families in Poverty by Family Type, Race, and Hispanic Origin, 2007	271
5.45	Families with Children in Poverty by Family Type, Race, and Hispanic Origin, 2007	272

Chapter 6. Labor Force Trends

6.1	Labor Force Participation by Sex and Age, 1990 to 2008	275
6.2	Employment Status by Sex and Age, 2008	277
6.3	Employment Status of Asians by Sex and Age, 2008	279
6.4	Employment Status of Blacks by Sex and Age, 2008	280
6.5	Employment Status of Hispanics by Sex and Age, 2008	281
6.6	Employment Status of Whites by Sex and Age, 2008	282
6.7	Labor Force Status of Women by Presence of Children, 2007	284
6.8	Labor Force Status of Families with Children under Age 18, 2007	285
6.9	Labor Force Status of Married-Couple Family Groups, 2008	287

6.10	Day Care Arrangements of Preschoolers, 2005	289
6.11	Before- and After-School Activities of Children, 2005	290
6.12	Full- and Part-Time Workers by Age and Sex, 2008	292
6.13	Part-Time Workers by Age, Sex, and Reason, 2008	293
6.14	Workers by Occupation and Sex, 2008	295
6.15	Workers by Occupation, Race, and Hispanic Origin, 2008	296
6.16	Workers by Detailed Occupation, Sex, Race, and Hispanic Origin, 2008	297
6.17	Job Tenure by Sex and Age, 2000 and 2008	305
6.18	Long-Term Employment by Sex and Age, 2000 and 2008	306
6.19	Self-Employed Workers by Age, 2008	308
6.20	Workers Represented by Unions by Sex, Race, and Hispanic Origin, 2008	310
6.21	Workers Represented by Unions by Occupation, 2008	311
6.22	Workers Earning Minimum Wage by Selected Characteristics, 2008	313
6.23	Workers in Alternative Work Arrangements, 2005	315
6.24	People Who Work at Home, 2007	317
6.25	Journey to Work, 2007	319

11.14	Workers with a Retirement Plan by Type, 1988 to 2006	554
11.15	Workers with Retirement Benefits, 2008	555
11.16	Retirement Outlook, 2000 and 2009	557

List of Illustrations

Chapter 1. Attitude Trends

Few young adults trust others	4
Blacks lag in business ownership	9
Dissatisfaction with personal finances has been growing	13
Children will be better off	18
Hispanics believe in traditional sex roles	22
Half of Americans are Protestants	28
Most still disapprove of same-sex relationships	35
Newspapers have fallen into third place as the source for news	38
When abortion should be legal	41

Chapter 1. Education Trends

Among young people under age 55, women are better educated than men	48
Blacks are better educated than Hispanics	52
West Virginia’s population is least likely to be college educated	55
The number of people in college now surpasses the number in high school	59
Educated parents are most likely to attend their children’s class events	64
Blacks are least likely to be “very satisfied” with their child’s school	67
School enrollment is projected to climb the most in the South	69
Non-Hispanic whites have the lowest dropout rate	73
Little change is forecast in the number of high school graduates	75
Parent’s education influences child’s test score	77
Enrollment rates were higher in 2007 than in 1990	79
College enrollment rate increases with family income	83
Among undergraduates at four-year schools, women outnumber men by nearly 1 million	87
Blacks, Hispanics, and Asians account for a significant share of college students	92
Nearly half of college graduates spent at least five years earning their bachelor’s degree	95
Men earn fewer degrees than women at every level but first-professional	98
The middle aged are most likely to participate in work-related adult education	104

Chapter 3. Health Trends

The majority of people under age 65 say their health is very good or excellent	108
The overweight dominate every age group	110
Physical activity increases with education	113
The nation’s newborns are diverse	116
Women are more likely than men to have high blood pressure	120
Men are more likely than women to drink alcoholic beverages	123
One in six Americans lacks health insurance	127
Boys are more likely than girls to have attention deficit hyperactivity disorder	132
Most people aged 75 or older have arthritis	136
The percent of people with physical difficulties rises with age	140
Many without health insurance do not go to the doctor	142
The use of alternative medicine rises with education	146
Females are more likely than males to be hospitalized	151
Blacks and non-Hispanic whites account for nearly equal shares of AIDS cases	153
Heart disease and cancer are most likely to kill	155
Life expectancy at birth reached 78.1 years in 2006	157

Chapter 4. Housing Trends

Homeownership rates are highest among older Americans	160
Most immigrants are homeowners	165
The West has the lowest homeownership rate	169
Two bathrooms are a must for most homeowners	176
Most owned homes are air conditioned	182
Most households rate their home and neighborhood highly	186
Renters are more likely than homeowners to live in a gated community	192
Many homeowners pay little per month for housing	194
Homeowners paid much less for their home than it is currently worth	197

Chapter 5. Income Trends

More than 20 percent of households have incomes of \$100,000 or more	202
The wealthiest households control nearly half the nation's income	204
Married couples are typically found in the higher income quintiles because their households are likely to include two or more earners.	206
Householders under age 55 saw their median income fall between 2000 and 2007	209
Income varies by household type	211
Asian households have the highest incomes	213
Incomes vary sharply by age and living arrangement	215
The incomes of married couples are lowest among Hispanics	217
Household income peaks in middle age	219
Nearly one-third of Asian households have an income of \$100,000 or more	221
Women who live alone have the lowest incomes	224
Many married couples have incomes of \$100,000 or more	226
Dual-earner couples without children at home have the highest incomes	233
Female-headed families with children have lower incomes	236
The income gap is largest between older men and women	238
Incomes rise with education	240
Men's median income fell 3 percent between 2000 and 2007	242
The incomes of Asian women grew the fastest between 2000 and 2007	245
Even among full-time workers, men's incomes are much higher	248
Income gap between the sexes is narrowing	251
Young women make almost as much money as young men	253
Earnings are much higher for college graduates	255
In most occupations, women earn less than men	258
Households in the South have the lowest incomes	263
Social Security is the most common source of income	266
Poverty rate is low for married couples	268

Chapter 6. Labor Force Trends

More older men are working	274
Unemployment is highest among young men	276
Blacks have the highest unemployment rate	278
Most mothers are in the labor force	283
Dual earners outnumber single earners	286
Non-Hispanic white children are much more likely than others to participate in after-school activities	288
Part-time work is most common among teens and young adults	291
Nearly half of Asians work in management or professional jobs	294
Few workers have been with their current employer for 10 or more years	304
Older workers are most likely to choose self-employment	307
Union representation is much greater in some occupations	309

Women dominate the minimum-wage workforce	312
The percentage of workers with alternative work arrangements rises with age	314
More than one-third of college graduates work at home on an average workday	316
For most, the commute is short	318
Most management and professional workers have access to health insurance coverage through their employer	320
Big gains for workers aged 65 or older	322
The labor force is becoming increasingly diverse	324
Health care and computer jobs are projected to grow the fastest	327
Goods-producing industries will see employment declines	332

Chapter 7. Living Arrangement Trends

Number of married couples has grown more slowly than other household types	336
Number of households headed by the youngest adults is growing	338
Married couples head most households in the 35-to-64 age group	340
Married couples head most Asian, Hispanic, and non-Hispanic white households	342
Two-person households are most common	344
Women are increasingly likely to live alone after middle age	346
Less than half the nation’s households are in the Northeast and Midwest	348
Few non-Hispanic white households are in the principal cities of metro areas	350
Children’s living arrangements vary greatly by race and Hispanic origin	352
Only 20 percent of married couples have preschoolers	360
One-third of couples with preschoolers have a stay-at-home mom	363
The lifestyles of men and women diverge in old age	365
Most women have married by their late twenties	368
Only 10 percent of Americans are currently divorced	372
Most husbands and wives share the same educational level	377
More than one in five adults have experienced divorce	380

Chapter 8. Population Trends

Women increasingly outnumber men with age	386
The U.S. population is aging rapidly	389
The non-Hispanic white share of the population is smallest among children	391
Below-average population growth is projected for non-Hispanic whites	396
The Midwest is the least diverse region	398
Louisiana had the biggest population decline	402
California is one of the nation’s most diverse states	405
New York is the largest metropolitan area	408
Mobility has declined	412
The largest numbers of legal and illegal immigrants to the United States are from Mexico	417
More than 40 percent of the foreign-born are naturalized citizens	421
Spanish is much more likely to be spoken than other non-English languages	425

Chapter 9. Spending Trends

Households are spending less on some items, more on others	428
Spending peaks in middle age	433
High-income households account for a disproportionate share of spending	444
Spending is below average for single parents	464
Spending of Asians and non-Hispanic whites is above average	475
Spending varies by region	486
College graduates spend big on many items	497

Chapter 10. Time Use Trends

Women spend nearly one hour a day doing housework, on average 510
Women have less leisure time than men 519
Time spent at work varies by race and Hispanic origin 523
People spend more time watching TV on weekends 526

Chapter 11. Wealth Trends

Median net worth has fallen since reaching a peak in 2007 534
Homes, businesses, and retirement accounts are the three most important assets 536
Retirement account balances were modest in 2007 and their value has declined since then 538
Stock ownership peaks in the 45-to-64 age group 542
Median housing value peaks in the 45-to-54 age group 545
Home-secured debt accounts for the largest amount owed 549
Highly paid workers are more likely to have access to a retirement plan at work 553
Most workers are not planning on an early retirement 556
